ABSTRACT

The first China-Gulf Cooperation Council Summit is held at King Abdulaziz International Conference Center in Riyadh. Chinese President Xi Jinping attended this Summit with Prince Heritier and Prime Minister of Saudi Arabia Mohammed Ben Salman, Emir from Qatar, the Cheikh Tamim Ben Hamad Al-Thani, King of Bahrain Hamed Ben Issa Al Khalifa, Prince Herk of the Kuwait Sheikh Meshaal Al-Ahmad Al-Sabah, Vice Prime Minister of Oman Sayyid Fahd Bin Mahmoud Al Said, the Governor of Fujairah Sheikh Hamad Bin Mohammed Al Sharqi of the United Arab Emirates and Secretary General Nayef Falah Mahbarak Al-Hajraf. The Summit decided to establish and strengthen the China-Gulf Cooperation Council strategic partnerships. According to the council chairment court, this summit is a major history in the history of sino-arab cooperation to speed up the economic development and would generate greater expectations for sustainable cooperation. This summit would open the way at the beginning of a new phase of Sino-Arab relations and will allow to consider the establishment of a community of destiny Sino-Arab, which would deepen their cooperation in order to offer more Development city opportunities in a strategic level.

Keywords: Strategic, China-Gulf Cooperation Council Summit

INTRODUCTION

The China is a major importer of crude oil from Gulf countries, including Saudi Arabia. It is even the largest gross importer in the world with more than 10millionbarrels a day, while in terms of consumption, it is ahead of the United States with 13.5 million barrels byday. The Gulf countries, however, succeed in investing with the China, no longer in traditional energy sources, but in renewable energies, as well as health, technology, electric cars and infrastructure. The Gulf countries have managed, at various degrees, to reduce their oil dependence as the main source of income, thanks to economic diversification plans implemented, from 2015, since the crisis of the collapse of gross prices. Thus, Saudi Arabia has passed this year to reduce its oil revenues to 68% of all its incomes, compared with 90% decadows about ten years, according to the data of the Saudi Finance Department. The Qatar and the United Arab Emirates have taken accelerated measures to advance the non-oil economy, focusing on the areas of tourism, services, industry, agriculture and technology. The revenge, countries. The Khauti, the reasons for liquidity to the financing of the United States of the Gulf States, compared with 91% ten years ago, the general scientific exchange officer of the Glovary Cooperation Council, is to endeavor to find an economic equity with the United States' allies by putting in place industrial and logistical projects, as well as other projects related to its initiatory of the "Silk Road. More than 30 heads of state and government participate in the three peaks, as well as leaders from international organizations and private sector representatives, which testifies to the importance of those of the summits and the regional and international attention they benefit.

HISTORICAL CONTEXT

The Arab-American and the Gulf Cooperation Council (CCG) Summit, two united new events in the history of Sino-Arab relations, was held at Riyad successfully successively in the presence of Chinese President XI Jinping and more than ten Arab leaders. The President XI Jinping said China and Gulf Cooperation Council were bound by an early friendly story of almost every 2,000. He recalled that in 1981 China did not wait to establish links with the Gulf Cooperation Council (CCG), all newly based. For more than four decades, both parties have written together of brilliant chapters of solidarity, self-help and winner winning. The development to large-scale brand-CCG relationships is maintaining mutual trustThe deep.

The In China and Gulf Cooperation Council (CCG) countries had always supported sovereignty and independence on both sides, respected the development of the other party, pursued the principle of equality between countries with different sizes and defending resolutely multilateralism. Developmental major development of China- Gulf Cooperation Council relationships is working on a strong complementarity. China has a large consumer market and full industrial fabric, and the Gulf Cooperation Council countries, rich natural and energy resources and a strong potential for economic diversification, making both parties of the part Natural delays. Developmental major development of China-CCG relations is the rapprochement of peoples, he said Ed. Both parties belong to one like the other to Eastern civilization and share similar cultural values, and their peoples have woven close links of mutual understanding and affinity. Developmental large-scale development of China- Gulf Cooperation Council also to solidarity In the face of international and regional aleas and the challenges of the financial crisis, the COVID-19 and the major natural calamities, both parties have always been solidarity and mutual aid.

President XI Jinping pointed out that China expressed its high appreciation to the Gulf Cooperation Council, which united in their efforts for emergence, had made CGC the most dynamic regional organization in the Middle East and the Gulf region. The cross the roads of history, to perpetuate the traditional friendship of China-CCG and to grasp the opportunity of the establishment of the China- Gulf Cooperation Council strategic partnership to give new strategic dimensions to their relationships.

- China and the Gulf Cooperation Council must be partners for great solidarity. They must constantly consolidate mutual political trust and support themselves resolutely on issues related to vital interests on both sides. They must, together, defend the principle of non-interference in internal affairs, practicing real multilateralism and preserving the common interests of all developing countries.

- China and the Gulf Cooperation Council must be partners for shared development. They must strengthen the synergy between respective development strategies, assert the complementarity of assets and cultivate growth engines. China wants to work with all parties to implement the

World Development Initiative and the United Nations Sustainable Development Program in the Horizon 2030 of Prolongation in the region.

- China and the Gulf Cooperation Council must be partners for common security. China will continue to strongly support CCG countries in their efforts to defend their own security, and support those in the countries in the region to set out disputes by dialogue and consultations and build a collective security architecture in the Gulf. It will be happy to see CCG countries participate in the World Safety Initiative to preserve regional peace and stability together.

- China and the Gulf Cooperation Council must be partners for successive civilization. They must further promote the reconciliation of their peoples, enrich cultural exchanges, to be inspired by mutually on the other cultural achievements on both sides and raid the rich and deep values of the Eastern civilization to provide an active contribution to the progress of human civilization.

STRATEGIC AND OPERATIONAL STAKE IN THE CHINA-CCG SUMMIT

First, build a new multidimensional energy cooperation structure. China will continue to increase its imports in crude oil and liquefied natural gas (GNL) from CCG countries, will strengthen cooperation on oil and natural gas exploitation, and technologies around clean and low carbon energies and develop the RMB regulation in the oil and natural gas. Both parties will create a China-CCG forum on the peaceful use of nuclear technologies and a China- Gulf Cooperation Council demonstration center and will form for Gulf Cooperation Council countries for the professionals of the peaceful use of energy and nuclear technologies.

Second, making new progress in cooperation on finance and investment. The Chinese part intends to develop cooperation with the Gulf Cooperation Council countries on financial regulation and work with them to set up a joint investment commission and support cooperation between the sovereign funds of both parties in different forms. Both parties will explore the opportunity to hold a China- Gulf Cooperation Council forum on industrial and investment cooperation, will strengthen investment cooperation in the fields of digital economy and green

development, will put in place a bilateral work mechanism on investment and economic cooperation and deepen cooperation on digital currencies.

Third, explore new cooperation fields on innovation, science and technology. The Chinese part intends to work with CCG countries to set up a cloud and cloud computing center, to strengthen cooperation on 5G and 6G technologies, building built-in inputs and input and entrepreneurship and implement ten digital economy projects in the fields of cross-border e-commerce and the construction of telecommunication networks. Both parties will put in place a China-CCG Cooperation Mechanism on Meteorological Science and Technology and will hold a China-Gulf Cooperation Council Seminar on Climate Change Response.

Fourth, carry out new breakthroughs in spatial cooperation. The Chinese part intends to carry with the Gulf Cooperation Council countries cooperation in the fields of remote sensing and telecommunication satellites, applications of space techniques, aerospace infrastructure and selection and formation of astronauts. China will be happy to welcome the Astronauts of the Gulf Cooperation Council countries in the Chinese Space Station for joint spatial scientific missions and experiments with Chinese astronauts. It will also be happy to see CCG countries participate in the cooperation on useful charges in the context of Chinese spatial missions, and explore the possibility of creating a Chinese-CCG spouse for the exploration of the moon and deep space.

Fifth, develop new flagship projects in linguistic and cultural cooperation. China will cooperate with 300 higher, secondary and primary school institutions in CCG countries to develop the education of the Chinese language and work with the Gulf Cooperation Council countries to create 300 smart classrooms of the Chinese language, provide 3,000 places for the summer camp / winter "bridge to Chinese" and establish centers of study and examination of the Chinese language and classic Chinese classes. Both parties will organize a China- Gulf Cooperation Council forum on languages and cultures and will put in place a China-CCG bilingual library for cultural and mutual inspiration on the cultural level.

The China and the Gulf Cooperation Council countries were investigating glorious missions to develop and prosper their nations. According to him, their relationships are both old and

juveniles. China will continue to support CCG countries in their efforts to achieve economic emergence and diversification and play a larger role in international and regional affairs. He affirmed the wish of the Chinese part to work together with the CCG countries to grasp the opportunities offered by this summit for building a new emergest neighboring era of China.

THE STRATEGIC AND OPERATION ISSUES FOR THE ARAB STATES

The heirier Prince MOHAMMED Ben Salman chaired the Summit on behalf of King Salmane Ben Abdelaziz Al Saud of Saudi Arabia. He said the world faced multiple risks and challenges that required a collective answer. Thanks to the Clairmering Directorate of President XI Jinping, he said, China has been remarkable successful in its development, becoming a major and advanced force that plays a role of guidance in global governance. He said that the CCG highly appreciated the successful results in its cooperation with China in different areas as well as China's launch initiative and the important contribution it has made to the Regional Rules of Policy. He expressed the common wish of the Gulf Cooperation Council to strengthen cooperation with China and plan, through this summit, the priority areas of future CCG-China cooperation in order to open a new chapter in the annals of their relationships. He claimed the CCG willingness to intensify exchange of experiences and technical cooperation with China, to lead their cooperation to more results in the areas of infrastructure, health, energy and others, and better meet the global challenges such as food and energy crises.

The other Gulf Cooperation Council leaders have highly appreciated the relations between the CCG and China and the first China- Gulf Cooperation Council Summit which, according to them, is a great event that posed an important milestone in the history of relations between the two parties. They pointed out that CCG and China countries shared similar visions and views and their relationships were a beautiful illustration of mutual understanding and trust and win-win cooperation. The CCG has convinced that the prosperity and development of China would bring more opportunities to the world and that enhanced cooperation between the CCG and China would promote the establishment of a more fair and more rational international order and to make an active contribution to peace and prosperity in the region. The CCG expressed its firm attachment to the principle of one China, as well as its willingness to work together with it to implement the acquis of this summit and to constantly deepen cooperation in the

priority areas for their benefits. At the Summit, a joint declaration between the People's Republic of China and the Gulf Arab States Cooperation Council has been published, an action plan for the strategic dialogue between the People's Republic of China and the co-cooperation Board of the Gulf Arab States was adopted, and planning were made for cooperation between China and the Gulf Cooperation Council in various areas.

The visit of Chinese President involves a few months after a similar visit of the American President Joe Biden, who had to do with problems of energy and human rights. Twenty preliminary agreements of more than 110 billion Saudi Riyals (about \$ 29 billion) will be signed in the margin of the Sino-Saudi Summit, for the only Kingdom of Saudi Arabia. It is expected that agreements are signed with other peer participating countries.

THE COMMUNITY OF DESTIN SINO-ARABIC

The Women Yangian Chinese Minister for Foreign Minister informed Saturday the media of the Chinese President XI Jinping at the first Canadian Arab Summit and the Gulf Cooperation Council (CCG) Summit (CCG), as well as its state visit to Saudi Arabia. The historic journey of Xi Jinping in the Middle East, which took place from Wednesday to Saturday, marked the beginning of a new era of overall and in-depth development of China's relations and the Arab States, between China and the CCG, and between China and the RASaudi Abie Saddish, also a member of the political office of the Chinese Communist Party Party (CPC) .Arudes in his stay in Saudi Arabia, Mr XI not only participated in the first Arab-American Arabic summit and at the China-CCG summit, and made a state visit to Saudi Arabia, but he also held bilateral meetings with nearly 20 Arabic genuaries Considering the journey of Mr. XI in the Middle East as the largest and highest diplomatic action of China with the Arab world since the founding of the People's Republic of China. This to amend the active's participation in the China- Gulf Cooperation Council Summit and the Chinese-CCG Summit and its meetings with the leaders of Saudi Arabia's pioneering company predominant Chinese diplomacy, Mr. Wang considered that it had demonstrated the strategic choice of China and Arab countries to strengthen solidarity and coordination with global challenges.

The Chinese President reviewed the secular history of friendly trade between the two parties, and refined the sustainable spirit of Sino-Arabic friendship that extends over a thousand years. The mutual and solidarity are the marked feature of Sino-Arabic friendly, equality and shared profit are the inexhaustible pulse of Sino-Arabic friendly, and inclusion and mutual inspiration are the value on which the sino-arabic. The Chinese President called China and the Arab States to build a winner of Sino-Arabic Northern Destinent, while remaining independent and defending the common interests of both parties, focusing on economic development, promoting win-win cooperation, maintaining regional peace while striving to ensure common security, and increasing exchanges between civilizations to strengthen understanding. To advance eight major cooperation initiatives on development support, food security, health, green innovation, energy security, dialogue between civilizations, youth training, as well as security and stability. The leaders who participate in the summit said that the friendly relations between the Arab States and China are based on mutual respect, equal cooperation and the reciprocal benefits, he observed.

The Arab world has been a great deal of China's major achievements in the development and its important role in the world, continued Mr. Wang, adding that a thorough-a-profound-defined strategic partnership is conducive to better achievement of equity and justice, the safeguarding of peace and development in the world and the realization of the common aspirations of the Arab and Chinese peoples. The China and the Arab States jointly published the Riyadh Statement of the First Arabic Summit of Arabic, in which both parties agree to make all their efforts to build a community of destiny Sino-Arabat the new era, and both parties also call for dialogue and communication between civilizations, preserving global cultural diversity, rejecting discrimination and prejudice against a particular civilization, and rejecting the shock theory Civilizations.

THE OBJECTIVES OF THE CHINA-GULF COOPERATION COUNCIL

Noting that the China- Gulf Cooperation Council Summit marks the first meeting between the leaders of China and CCG States. Wang said that Mr. XI's speech precisely exhibits how to establish China- Gulf Cooperation Council (CCG) strategic partnership from the four aspects of the unity, development, security and civilization. Both parties should be partners for greater

solidarity, common development, common security and pros Cultural perceiving. The Chinese President has put forward five priority areas for cooperation between China and the CCG within three to five years, namely the establishment of a new multidimensional energy cooperation paradigm, the realization of new progress in finance and investment cooperation, the expansion of new areas of cooperation innovation, sciences and technology, the search for new breakthroughs in aerospace cooperation, and the maintenance of new strengths in linguistic cooperation and cultural.

During this meeting with King Salmane Ben Abdelaziz Al Saud and Prince Heritage Mohammed Ben Salmane Al saoud of Saudi Arabia. The development of its relations with Saudi Arabia as a priority in all its foreign relations, especially in its diplomacy in the Middle East, and that it was progressing the Global Chinter Strategic PartnershipE-Saudi Arabia. King Salmane said that two parties have managed to important joint agreements on many questions, and that the interests of China are also those of Saud Arabia.

The heir princess served for Sale Saudi Arabia strongly supports the measures and efforts of China in eradication, and that more Chinese companies are welcome to take an active part in the industrialization process of Saudi Arabia, according to the chief of chinese diplomacy. The two parties agreed to organize every two years, in turn, a meeting between the heads of state of the two countries, announced Mr. Wang, adding that during this visit by Mr XI, the leaders of the two countries have agreed to synergy the cooperation in the framework of the initiative. The belt and the road with the 2030 vision of Saudi Arabia.

The spirit of the 20th national congress, developed the Chinese to the modernization and purpose of China's foreign policy, and pointed out that China will continue to be a mutually beneficial opening strategy, and generate new opportunities for Arab States and all other countries with the new China development.

Noting that the Palestinian question involves peace and stability in the Middle East and is equitable and international justice, Mr. Wang mentioned that Mr. XI reiterated that China was strongly supported the creation of an independent Palestinian State, that China supported

Palestine to become a member of the United Nations and China would continue to provide him with humanitarian assistance.

Arab leaders reiterated the firming accession of their countries in the principle of one China and the unshakeable support for China in the safeguarding of its fundamental interests.

NEW PERSPECTIVES OF THE ARABIC SUMMIT

The Arab-American Arabic Summit Opens New Outlook for Construction of a Community Destined Sino-Arabic. These historic peaks have given successful results for China and Arab States. The Chinese President also called for building a community of destiny Sino-Arabic plus soil. The observers consider these events as opportunities to hoister Sino-Arab relations and China- Gulf Cooperation Council (CCG) relations at higher levels, to strengthen future cooperation, to promote common safety and development and to advance dialogue between civilizations. During the two summits, China and the Arab States reaffirmed their desire to inject a new positive energy into the maintenance and regional and global stability.

In his speech at the China- Gulf Cooperation Council summit, Mr. XI called on two parties to be partners to promote great solidarity, shared development, common security and successful civilizations. It here is no contradiction between China and the Arab States in achieving the strategic objectives of each. Each party has its own policies that are relatively similar in terms of efforts to achieve global peace, "said Sama Soliman, a member of the Arab Affairs Committee and Foreign Relations of the Egyptian.

Noting that Arab countries should grant great importance to China's visions for regional peace, Mazen Shamieh, former Assistant Minister of the Palestinian Ministry of Foreign Affairs, has described the US-Arab-based Arab States Summit to implement China's visions and provide new opportunities for the settlement of questions in the Middle East.

Over the years, China and the Arab world have continued together a common productive development through mutually beneficial cooperation in various fields. Among the Arab countries, signed documents on cooperation with China in the framework of the "Belt and

Route" initiative, 17 expressed supports to the World Development Initiative (IDM), and 15 members have become members of the Asian investment bank for infrastructure. In the framework of the China-Arab States Cooperation Forum, 17 mechanisms of cooperation have been launched to expand and support the cooperation program. In addition, China remained the first CCG trade partner and the first export market for petrochemical products.

THE GRATITUDE MUTUAL SINO-ARABIC

The China and the Arab world have a long history of friendly interactions despite the long geographical distances. Trade between China and the Arab States are going up to more than 2,000 years. More recently, China has created 20 Confucius institutes and two Confucius course rooms in the Arab States, while more than 40 Chinese universities teach Arabic as the main matters. During the two summits, both parties reiterated the importance of dialogue between civilizations as well as mutual cultural learning, striving to replace the distance and shock of civilizations through exchange and mutual learning, to promote understanding and affinities between peoples and to build a "garden of civilizations" characterized by a mutual assessment and inspiration.

Noting that China and Arab countries were related for thousands of years by the old silk road in terms of trade and cultural exchanges, former Egyptian Prime Minister Essam Sharaf stated that in the current international situation, both parties were to get closer to motivate the world with their inherited values of the past to build together a harmonious civilization.

CONCLUSION

The Arab-American Arabic Summit is an opportunity for Chinese and Arab leaders to exchange their visions. This summit is an important step in the story of sino-arab relations and which lead both parties towards a more promising future of friendship and cooperation. However; China as long strategic partners and the Arab States must perpetuate the spirit of Sino-Arabic friendly, strengthen solidarity and cooperation and promote the construction of a community of destin Sino-Arabic. According to the council chairmen court, this summit is a major History in the history of Sino-Arab relations, considering that it would promote

cooperation between the two parties, would accelerate economic development and generate greater expectations for sustainable cooperation. This summit would open the way at the beginning of a new sing-on-line relations phase and would track a way for the joint establishment of a community of destiny Sino-Arab, which would allow offend their cooperation to offer more opportunities for development and constantly improve the life level of their peoples.
